18 I have carefully gone through the whole file, and have had also put up the previous Orders of Government on the subject of granting permission to erect new buildings of a religious nature. Though at the time of the grant of such permission, the parties concerned execute the needful mutchalikas and agree not to interfere with the rights of the other communities in regard to the use of roads etc, the very existence of such limitations are eventually felt by themselves as very irksome leading to slow growth of unrest and undesirable consequences. Orders

of Government passed now and then also emphasize how difficult of enforcement such conditions often happen to be, in as much as the people that cause trouble later on are not the very people that bind themselves down, at the initiative, to conform to all rules, regulations, custom etc. The most recent case at Robertsonpet fully explains how, in matters of this kind, we have to be particularly cautious.

2. (19) I would therefore suggest that in this matter it would be well to abide literally by the Chief Commissioner's Circular No.2528/Gl.72 dated 22nd August 1871, which has been so carefully designed, as also Govt. Pro. No.837-44-13 dated 6th May 1881, in the interests of the several classes and communities that have to come into contact with each other in their every day life.

3. (20) Besides, the site selected for the erection of the mosque in question would itself seem to be somewhat objectionable, particularly in view of what has been stated in para 2 of the Deputy Commissioner's letter No.M.S.24 dated 1st November 1911, and of the terms of the mutchalika restricting the use of the passage from South to North.

22)

It was during the plague season of 1898 that I took action on my own responsibility as Deputy Commissioner, Bangalore District to get the old Dharagupetta evacuated and the new Dharagupetta installed. The merchants were all combined against me in forming the new Dharagupetta. It was with great difficulty that I succeeded in establishing the new place of business which has since developed greatly and proved a success. At this juncture I had promised the Lubbay merchants a free site for a Musjid in the new Dharagupetta. I think there is no objection of the Site for them & the

though the Dubbays have never ceased in their endeavours to get a Musjid built. They are now holding religious services in a Grocery shop in new Bharagupetta. They have come forward to build the Musjid on a site of their own. I fully sympathize with their wish and recommend it for the favorable consideration of Govt. The Musjid shd be made to face the East. and entrance shd be by a lane marked A B C D. on their own land. There shd be no dome in front facing the Mysore road. The minarets may be allowed to be built. Hindu Christian Music not to be stopped when passing the Musjid. I do not apprehend any trouble in the future. The Dubbays are quite agreeable to this arrangt. I advised them to buy the adjacent vacant land to the East & open the lane therein to the Musjid. They are willing to do this if they could get the land.

I inspected the locality myself with Messrs Hubbay merchants to build their proposed Masjid so close to the Mysore Road. Notwithstanding their present undertaking to cause no trouble in future, it does not appear to be expedient to permit them to build a Masjid attached to the shops as shown in plan B. There is plenty of ~~room~~ vacant space to the north of the proposed site for the Masjid. I have shaded it in blue pencil in plan A. This area is bounded on the north by what is shown as number [illegible] in plan B. Though at present there is no defined street there. The northern ~~[illegible]~~ wall of the Masjid proper may be built quite close to this street instead of at an interval of 25' as in the said street & the residents (vide plan B) this would place the Masjid about 75' or more from the

NOTE—Contn. sheet.

bazaar road & would cause no incon-
-venience to any one. The shops would
be completely detached from the masjid
which would be separated from the opposite
by a lane of at least 10' width. There should be
no doorway opening on the bazaar road
as shown in plan (1). All the 5 shops
should ~~not~~ remain as such.
The masjid will face the East as proposed
& have two doors, north to which may
be opened, if one does not exist now,
to connect the masjid with the bazaar
Road. If the Lubbays consent to abide
by these directions, I see no objection to
granting them sanction to build the
masjid. They will have, of course, to
apply to the Md. President for the usual
licence

Muzrai Branch.

Sir,

I have the honor to submit herewith, for orders of Government, the petition of the Labbay merchants of the City of Bangalore, praying for permission to construct a Mosque at their own cost, in the new Taragupet of Bangalore, together with the connected records.

The petitioners represent, that when they were carrying on their trade in the old Taragupet, they used to offer their prayers in the Musjid near that place, that ever since they shifted their mandies to the new Taragupet, they have not got a Mosque for offering their prayers, and therefore pray for permission to erect one on a site purchased by them for the purpose.

2. The Amildar of Bangalore Taluk in submitting the Mahazar to the effect, that there was no objection to the construc - tionof the Musjid, reported that the site selected is on the high road leading to Mysore, through which the processions of Gods, of marriage parties and also funeral processions of all classes of people are usually taken, that the Sringeri and -- other Gurus have occasion to pass by that Road on their way from Bangalore to Mysore or otherwise, and that further there exists a long standing Roman Catholic Church on the other side of the road, and that a grand procession relating to which has to pass through this road. Thereupon, I personally inspected

inspected the spot with the Amildar on the morning of the 2nd August 1911. As shown in the accompanying plan the main building of the Mosque faces to the East, while the four shops of the front, with the gateway in the middle, face to the South.

3. The petitioners who were also present at the time with their counsel Mr.L.Sreenivasa Iyengar, argued that the Mosque would not abut on the high road as it would be concealed from view by the walls of the shops in the front I explained to them that the main entrance with the ornamental dome on it, from the high road was objectionable, and that permission could not be granted under such circumstances, as it would lead to disputes in future. But on their representing that there was no other suitable -- place in the close proximity for the location of the Musjid I suggested in accordance with standing orders of Government in the similar cases of the erection of Musjids at Chennapatna and Solur(Vide Government orders Nos.914/Muz. F.58-92 dated the 6th June 1893 and 753 dated the 22nd -- December 1897)that the space provided for the main entrance in the middle of the shops from the high road, may be used for building one of the four shops proposed, that the space provided for the shop marked A B C D in the plan, on the - South-east corner of the site should be kept quite open, and the wall and latrine etc.on the North-east corner -- should be removed, so that there may be a thorough passage from South to North along the lane connecting the Mysore Road with the timber yard street. They agreed to this as well as to other conditions Viz.that they should not open any doorway to the Mosque except the main one in the lane as stated above, that they should not claim the privilege of music being stopped on any occasions near the Musjid when processions of any class of people, pass either -- through the high road or timber-yard and street, and that

further information

(35

that they would not also object to the construction of any temple or church in the neighbourhood of the Mosque. They have executed a Mutchalika before me binding themselves to the foregoing conditions. They have also agreed in the mutchalika to put up at their own cost a stone -- slab with an inscription of the said conditions, at a conspicious place that may be pointed out.

4. The Labbay merchants being a wealthy and influential community, reasonable facilities for their religious prayers should be given to them by allowing them to have their own mosque. I accordingly beg to recommend that permission may be given for the building of the proposed Musjid subject to the foregoing explicit conditions.

I have the honor to be

Sir,

Your most obedient servant.

SUBJECT

masjid so close to the Mysore Road that notwithstanding the present undertaking of the Kubbay Merchants to give no trouble in future, it does not at all seem to be expedient to permit them to build the proposed masjid so close to the Mysore Road as with an opening in that road and attached to the shops, as shown in plan B. There is plenty of vacant space (shaded in blue pencil in plan A) to the north of the proposed site for the masjid. This area is bounded on the north by what is shown as Timber yard street in plan B, though at present there is no definite street there. The northern wall of the masjid proper may be built quite close to this street instead of an interval of 25 feet being left between the

Sir,

With reference to your letter No.649/Muz.281-11-4 dated the 23rd August 1913, requesting to ascertain and report, whether the Labbay merchants of the Bangalore City, consent to certain additional terms in the matter of the construction of a Mosque in the new Tarugupet, Bangalore City, I have the honor to submit herewith the statement made by them before the Amildar of Bangalore Taluk on the 11th September 1913, in which though they agree not to open any doorway opening to the Mysore road, to dispense with the proposed dome on the shops, and to build the Masjid facing to the east and opening into the proposed lane running from North to South to connect the Masjid with the Mysore Road, yet they say that the northern wall of the Masjid proper cannot be built quite close to the timber yard street as now proposed as the bath room and the latrine would be very close to the main building, and -- consequently it will be not only insanitary but also inconvenient for performing Namaz. They further represent that in case if the Masjid building is to be separated from the shops by a lane of 10 feet width from East to West as proposed in the letter under reference, there will be no space for building the water house, that besides there will be no use of such a lane as it cannot form a thorough passage when a shop -- already exists to the west and that therefore instead of opening such a blind lane and giving room to commit nuisance therein, they would put up walls so that there may be no doorway through the steps.

2. It seems to me that a personal inspection of the site by the --

Bangalore District.

To

D.M.Narasinga Rao Esq.,B.A.,B.L.,

Offg:Secretary to the Government of H.H.

the Maharaja of Mysore, Genl. and Rev.Depts.

Muzrai Branch.

Sir,

In continuation of my letter No.S.548 dated the 12th January 1914, regarding the construction of the Mosque by the Labbay -- merchants, at the New Taragupet, Bangalore City, I have the honor to state that the Muzrai Superintendent and myself inspected the site, on which the Mosque is proposed to be built on the 28th August 1914. The leading Labbay merchants who were present on the spot represented as already reported in my letter No.S.548 dated the 11t. January 1914, that it would be very inconvenient for them to shift the Mosque further to the North, so that the Northern wall thereof may be quite close to the timber yard street and to open a blind lane East to West as proposed in your letter No.649/Muz.281-11-4 dated the 23rd August 1913. The site after setting apart a space of 25 x 10 for erecting shops in the front will be just enough for the purpose and will become too close if they open the blind lane of 10 feet wide from East to West behind the shops. As they say the Mosque cannot be shifted further to the North as it will be quite close to the latrine which has to be built only on the North side as can be seen from the plan. It was therefore pointed out to them that the latrine etc. shown in the plan on the North-east corner should be built at the north west corner that a lane 7 feet wide running -- from North to South and connecting the timber-yard street with the Bangalore- Mysore Road should be opened by erecting a compound wall leaving out an open space measuring 11 X 7 towards the East in the site, that the door-way should be kept in the said wall, facing to

to the East and opening into the lane, that the lane opened should form a public Municipal street. They agreed to these conditions and executed a Mutchilika to that effect before the Amildar of Bangalore Taluk, who was also present on the spot. They requested that as they had purchased the site for a high price of ----- Rs.3,600/- an equal extent of Municipal vacant land lying to the North of the site may be given to them for being included in the compound of the Mosque, free of cost in exchange for the land required for the proposed lane. On making a reference to the City Municipality, it is adcertained that a portion of land measuring 53'x 6'= 318 feet can be spared. I therefore beg to recommend that this portion of land may be granted to the petitioners free of cost in consideration of the portion of the valuable site they have to give up to form the proposed lane and the lane may be reduced to 6 feet also, as even then they get only less than half of what they give up.

Now as they agree to build shops in the south of the site so that the Mosque may not abut on the high road, not to open any door way towards the ~~Mosque~~ Mysore road, to dispense with the proposed dome to the shops, to open the gate-way facing to the East in the lane running from North to South, and not to claim the privilege of the stoppage of music when processions etc, of other castes of people are taken both in the Timber yard street and in the Bangalore-Mysore road, I do not consider there is any objection to construct the Mosque. The Muzrai Superintendent was also of the same opinion and I therefore beg to recommend that the petitioners may be permitted to erect the building under the above conditions after obtaining a formal license from the City Municipality.

The Mutchalika obtained from the petitioners, the file of correspondence ending with D.O.letter No.188 dated 8th Sept 1914, received from the Honorary President of the City Municipality together with a plan and the records received from the Muzrai Superintendent, unofficially, together with 3 plans are herewith submitted.

I have the honor to be,
Sir,
Your most obedient servant.

Deputy Commissioner.

Dear Sir,

I am desired to send for your perusal the draft of a Government Order proposed to be issued in connection with the application of the Lubbe merchants of the New Tharag Bangalore City, to construct a mosque

on a site owned by them on the Mysore Road near their place of business and to request that you will be so good as to intimate at your early convenience whether the proposed draft meets with your concurrence or whether it requires alteration in any respect.

I send for your reference and kind return a site plan and a plan of the buildings proposed to be erected. The plan finally accepted will differ from the latter to the extent that the water pond will be between the shops and the mosque and that the latter will therefore be shifted further to the North of the site.

List of enclosures.

I beg to remain,

Yours Sincerely,

5th May 1917.

Dear Sir,

Referring to your D.O. No.2710/Muz.261-11 dated 1st instant re the mosque proposed to be constructed by the Labbe merchants of the New Tharagupet, Bangalore City, I would suggest the following slight modifications in the draft Government order received with your letter, as indicated by me in pencil.

Para 3, condition (2)

In line 4, the words "from the Mysore Road" may be omitted

Condition (5)

In line 3, the word "space" may be substituted for "interval".

Condition (6)

As the only doorway for the Masjid will be the one facing the lane and there will be no doorway opening on the Timber Yard Street, instead of the words "the body should be removed from the Masjid through a doorway opening on the Timber Yard Street", the following may be substituted "the body should be removed outside the premises for burial".

Condition (9)

In line 6, instead of the words "placed on the Masjid wall we may have "built into the wall of the Masjid".

2. The enclosures to your letter are herewith returned.

Yours sincerely,

[signature]

G. Aravamudu Iyengar Esquire, B.A.B.L.,

the Maharaja of Mysore, General Department.

Sir,

With reference to your letter No.89/Muz.281-11-9 dated 7th July 1916,calling for certain information in connection with the proposed construction of a Masjid by the Labbay Merchants in the new Tharagupet of the Bangalore City, I have the honor to state that they have agreed to locate the pond between the shops and the Masjid buildings, and thus shift the latter to about 25 to 30 feet to the North as shown in the sketch marked B. They have pleaded inconvenience to shift it any farther. They have also consented to the condition that no dome or minarets should be erected on the line of shops fronting the Mysore Road.

2. The Vernacular file of papers ending with the Bangalore Amildar's No.543 dated 8th October 1916 is herewith submitted for reference and kind return when no longer required.

I have the honor to be,

Sir,

Your most obedient servant.

Offg:Deputy Commissioner,
Bangalore District.

ORDER THEREON: NO. 2990-3 Ens file & Plan
Mus 281-11-16
---------- Dt 11th June 1917.

The Lubbe merchants, trading in the New Tharagapet in the Bangalore City applied to the Deputy Commissioner, Bangalore District for permission to build a mosque for their use near their place of business and as the site chosen for the purpose as the most convenient one, abutted on the Mysore Road, the agreed to have a line of shops in front, ~~on the Mysore Road~~ shutting out the view of the Masjid and to have a through lane at one end by which the Masjid was to be approached. They also undertook for themselves and their successors not to claim [illegible]

privilege of stoppage of music for processions moving along the Mysore Road or Timber-yard Street on either side of the Masjid or object to the construction of any temple or church in the neighbourhood. They further agreed to have these restrictive conditions inscribed on a slab at their cost to be let into the Masjid wall.

2. As the locality is a congested one and the Mysore Road itself is usually frequented by procession parties of various sorts, every precaution had to be taken to prevent all possible friction between the different communities; and as the result of further correspondence the Lubbe merchants have now agreed to certain further conditions in matters of detail. The Government consider that there no longer remains any objection to the grant of permission for the construction of the Masjid on the site in question.

3. The Deputy Commissioner is accordingly requested to grant the permission after obtaining from the applicants and oth leading members of the community a consolidated mutchalika binding themselves to the conditions specified below.

(1) That a lane at least six feet wide should be left to the east of the site connecting the Mysore Road and the Timber-yard Street, allowing free access to pedestrians of all communities at all times.

(5

(2) That there should be walls on both sides of the lane and the door way giving the only access to the Masjid should open into this lane.

(3) That a line of shops at least 7 feet deep should be constructed separating Masjid ground from the Mysore Road.

(4) That there should be no dome or minarets built over the shops.

(5) That between the shops and the Masjid proper there should be a space of at least 30 feet in which may be placed the ~~water house~~ water Hauz (cistern).

(6) That no dead body should be taken to the Mosque for consecration and that if there should be any death on the premises the body should be removed outside the Masjid for burial.

(7) That no objection should at any time be raised to the construction of any temple ~~xx~~ or other places of public worship or utility in the vicinity.

(8) That no claim shall at any time be put forward to the stoppage of music by processions of all sorts moving along the Mysore Road or Timber-yard Street.

(9) That a substantial stone slab with a suitable inscription in Kannada and Urdu stating the year of construction and the substance of the conditions [illegible]

as approved by Government
should be built into the wall of the Masjid at a conspicuous ~~situation~~ location at the cost of the applicants.

4. The Deputy Commissioner is requested to submit for the information of Government a report on the action taken together with copies of the final mutchalika. A revised plan in conformity with the above conditions has been presented by the Lubbe merchants and is placed on record. A separate license will have also to be obtained by the parties concerned from the Municipality for the construction of the buildings in question. A further report should be submitted by the Deputy Commissioner after the construction of the Masjid with special reference to the strict adherence by the applicants to the conditions specified. The plan and conditions should be printed at the expense of the Lubbe merchants for distribution to the various offices concerned

Read—

Correspondence ending with letter No. 426, dated 9th December 1916, from the Deputy Commissioner, Bangalore District, recommending that the Lubbe merchants of New Tharagupet in the Bangalore City may be accorded permission on certain conditions to construct a mosque on a site owned by them in the locality.

Order No. 2990-3—Muz. 281-11, dated 11th June 1917.

The Lubbe merchants trading in the New Thragupet in the Bangalore City applied to the Deputy Commissioner, Bangalore District, for permission to build a mosque for their use near their place of business, and as the site chosen for the purpose as the most convenient one, abutted on the Mysore Road, they agreed to have a line of shops in front shutting out the view of the Masjid and to have a through lane at one end by which the Masjid was to be approached. They also undertook for themselves and their successors not to claim at any time the privilege of stoppage of music for processions moving along the Mysore Road or Timber-yard street on either side of the Masjid or object to the construction of any temple or church in the neighbourhood. They further agreed to have these restrictive conditions inscribed on a slab at their cost to be let into the Masjid wall.

2. As the locality is a congested one and the Mysore Road itself is usually frequented by processional parties of various sorts, every precaution had to be taken to prevent all possible friction between the different communities; and as the result of further correspondence, the Lubbe merchants have now agreed to certain further conditions in matters of detail. The Government consider that there no longer remains any objection to the grant of permission for the construction of the Masjid on the site in question.

3. The Deputy Commissioner is accordingly requested to grant the permission after obtaining from the applicants and other leading members of the community a consolidated *Mutchalika* binding themselves to the conditions specified below.—

(1) That a lane at least six feet wide should be left to the east of the site connecting the Mysore Road and the Timber-yard street, allowing free access to pedestrians of all communities at all times.

(2) That there should be walls on both sides of the lane and the doorway giving the only access to the Masjid should open into this lane.

(3) That a line of shops at least 20 feet deep should be constructed separating the Masjid ground from the Mysore Road.

(4) That there should be no dome or minarets built over the shops.

(5) That between the shops and the Masjid proper there should be a space at least 30 feet in which may be placed the water *Hauz* (cistern).

(6) That no dead body should be taken to the mosque for consecration and that if there should be any death on the premises, the body should be removed outside the Masjid for burial.

(7) That no objection should at any time be raised to the construction of any temple or other places of public worship or utility in the vicinity.

(8) That no claim shall at any time be put forward to the stoppage of music by processions of all sorts moving along the Mysore Road or Timber-yard street.

No. 2990-3—Muz. 281-11, dated 11th June 1917.

(9) That a substantial stone slab with a suitable inscription in Kannada and Hindustani showing the year of construction and the substance of the conditions 6, 7 and 8 as approved by Government should be built into the wall of the Masjid at a conspicuous position at the cost of the applicants.

4. The Deputy Commissioner is requested to submit for the information of Government a report on the action taken together with copies of the final *Mutchalika*. A revised plan in conformity with the above conditions has been presented by the Lubbe merchants and is placed on record. A separate license will have also to be obtained by the parties concerned from the Municipality for the construction of the buildings in question. A further report should be submitted by the Deputy Commissioner after the construction of the Masjid with special reference to the strict adherence by the applicants to the conditions specified. The plan and conditions should be printed at the expense of the Lubbe merchants for distribution to the various offices concerned.
